**Min. Tensile Strength (psi):**

7000 pounds per square inch

**Overall Height:**

0.300 inches

**Overall Width:**

1.040 inches

**Environmental Protection:**

Acid resistant and alcohol resistant and ammonia resistant and coolant and hydrocarbon and corrosion resistant

**Special Features:**

Color, yellow, fed. Standard 595, 23531, acrylic plastic resistant

**Material:**

Plastic polyvinyl chloride

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A547d0
