Cross Sectional Shape:

Bumper strip

Temperature Rating:

-65.0 degrees fahrenheit and 250.0 degrees fahrenheit

Overall Height:

0.850 inches

Overall Width:

0.910 inches

Environmental Protection:

Fire resistant and oil resistant and low temperature and heat dry and high temperature

First Slot/groove Depth:

0.500 inches

First Tip Width:

0.480 inches

Special Features:

Color, white

Material:

Rubber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A547d0
