Min. Tensile Strength (psi):

1500 pounds per square inch

Tempurature Rating:

-55.0 degrees celsius

Overall Height:

0.687 inches

Length:

25.625 inches

Environmental Protection:

Low temperature

End Application:

2320-00-873-5407 truck, cargo 11/4t 6x6 and 2310-00-832-9907 truck, ambulance 11/4t

Base Flange Width:

0.250 inches

Outside Radius:

0.194 inches

Cross Sectional Shape:

C301

Special Features:

Matt: rubber, mil-std-417, type s, class sc, grade sc415f2k2, rubber, synthetic, mil-std-670, type s, class sc, grade sce3

Unable To Decode:

Unable to decode and unable to decode

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
