Nonmetallic Hardness Rating:

Not rated

Min. Tensile Strength (psi):

11000 pounds per square inch

Tempurature Rating:

Not rated

Diameter:

0.500 inches

Length:

Any acceptable

Environmental Protection:

High temperature and wear resistant and weather resistant

Special Features:

Light cream natural or as specified

Material:

Plastic, polyhexamethylene adipamide (nylon 6/6

Material:

Plastic, polyhexamethylene adipamide (nylon 6/6

Specification Or Standard:

Polyhexamathylene adipamide, natural with or without fillers composition

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14500
