Surface Luster:

Gloss

Environmental Protection:

Oil resistant and water resistant and fuel resistant

Material Transparency:

Clear

Length:

36.0 yards

Min. Tensile Strength (psi):

40 pounds per square inch

Nominal thickness:

0.0080 inches

Adhesive Location:

One side

Special Features:

48.0 in wide

Color:

Colorless basic

Material:

Plastic polyurethane basic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14300
