**Min. Tensile Strength (psi):**

12000 pounds per square inch

**Diameter:**

1.500 inches

**Length:**

1.500 inches

**Environmental Protection:**

Wear resistant

**Physical Form:**

Solid

**Special Features:**

Nylon 6/6

**Material:**

Plastic, polyamide, polyhexamethylene adipamide, I-p-410

**Material:**

Plastic polyhexamethylene adipamide

**Material Specification:**

L-p-410 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A14500
