**Nonmetallic Hardness Rating:**

118.0 rockwell r

**Min. Tensile Strength (psi):**

12000 pounds per square inch

**Diameter:**

2.625 inches

**Environmental Protection:**

Abrasion resistant

**Special Features:**

Natural light cream

**Material:**

Plastic, polyamide, polyhexamethylene adipamide, I-p-410

**Material:**

Plastic polyhexamethylene adipamide

**Material Specification:**

L-p-410 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A14500
