Min. Tensile Strength (psi):

11000 pounds per square inch

Diameter:

0.750 inches

Length:

120.000 inches

Environmental Protection:

Any acceptable

Material:

Plastic, polyamide, polyhexamethylene adipamide, I-p-410

Material:

Plastic polyhexamethylene adipamide

Material Specification:

L-p-410 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14500
