Cross Sectional Shape:

Bumper strip

Nonmetallic Hardness Rating:

55.0 shore durometer a

Tempurature Rating:

-40.0 degrees fahrenheit and 150.0 degrees fahrenheit

Overall Height:

0.375 inches

Overall Width:

0.297 inches

Length:

600.000 inches

Environmental Protection:

Heat aging and oil resistant

End Application:

Ticonderoga class c (47)

First Slot/groove Depth:

0.281 inches

First Slot/groove Width:

0.125 inches

Material:

Rubber butadiene-acrylonitrile class nbr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A547d0
