Material Transparency:

Translucent

Width:

3.000 inches

Length:

10.0 yards

Cut Type And Quantity:

1 single

Nominal thickness:

6.8 millimeters

Special Features:

Adhesive-backed tape; made of acrylic resin with glass beads and aluminum, tape can be used outdoors

Color:

Red

Material:

Plastic acrylic

Material Specification:

Ls-300 class i federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A14300
