Min. Tensile Strength (psi):

1200 pounds per square inch

Temperature Rating:

-94.0 degrees fahrenheit and 400.0 degrees fahrenheit

Environmental Protection:

Low temperature

End Application:

2320-01-549-8565 truck, cargo

Product Name:

Channel, nonmetallic

Special Features:

Color gray

Material:

Rubber silicone

Material Specification:

Zz-r-765 national specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A547c0
