**Length:**

Between 10.000 feet and 12.000 feet

**Basic Shape Style:**

Hexagon

**Cross-sectional Width Across Flats:**

0.312 inches

**Weight Per Unit Measure:**

0.288 pounds per linear foot

**Heat Treatment:**

Stress relieved

**Material:**

Steel, qq-s-637, comp 1117

**Material:**

Steel comp 1117

**Material Specification:**

Qq-s-637, comp 1117 federal specification single material response

**Specification Or Standard:**

1117 composition and cd and sr condition and hex form

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A13100
