Length:
Between 6.000 feet and 20.000 feet
Cross Section Outside Diameter:
0.339 inches
Basic Shape Style:
Round
Heat Treatment:
Solution and precipition heat treated
Material:
Iron, ams 5737, alloy 660
Material:
Iron, ams 5737, alloy 660
Specification Or Standard:
Alloy 660 and solution and precipition heat treated
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A13100
