Fabrication Method:

Cold finish

Length:

12.000 feet

Cross-sectional Thickness:

0.7500 inches

Cross-sectional Width:

4.000 inches

Basic Shape Style:

Flat

Weight Per Unit Measure:

10.200 pounds per linear foot

Heat Treatment:

As fabricated

Material:

Steel, qq-s-634, comp 1010 through 1020

Material:

Steel, qq-s-634, comp 1010 through 1020

Specification Or Standard:

1010 through 1020 composition

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A13100
