Fabrication Method:

Wrought

Length:

5.891 inches

End Application:

Used on abf536 g02

Special Features:

Width: 0.505; shape is rectangular with chamfered corners; quench and temper

Material:

Steel, astm a322 or a331 g13300, g41300, or g86300

Material:

Steel, astm a322 or a331 g13300, g41300, or g86300

Surface Treatment:

Phosphate

Surface Treatment:

Phosphate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A13100
