**Fabrication Method:**

Hot rolled

**Length:**

0.667 feet

**Cross-sectional Thickness:**

1.0000 inches

**Cross-sectional Width:**

8.000 inches

**End Application:**

Hiab crane hemtt (heavy expanded mobility tactical truck)

**Basic Shape Style:**

Flat

**Material:**

Steel, astm a36

**Material:**

Steel uns k02600

**Material Specification:**

Astm a36 assn standard 1st material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A13100
