Fabrication Method:

Hot rolled

Length:

0.667 feet

Cross-sectional Thickness:

1.0000 inches

Cross-sectional Width:

8.000 inches

End Application:

Hiab crane hemtt (heavy expanded mobility tactical truck)

Basic Shape Style:

Flat

Material:

Steel, astm a36

Material:

Steel uns k02600

Material Specification:

Astm a36 assn standard 1st material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A13100
