Fabrication Method:

Rolled

Length:

6.500 feet

Cross-sectional Thickness:

0.1880 inches

Cross-sectional Width:

1.500 inches

Basic Shape Style:

Flat

Material:

Steel, astm a36

Material:

Steel uns k02600

Material Specification:

Astm a36 assn standard 1st material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A13100
