**Fabrication Method:**

Wrought

**Length:**

7.000 feet

**Cross-sectional Thickness:**

0.2500 inches

**Cross-sectional Width:**

4.000 inches

**Basic Shape Style:**

Flat

**Material:**

Steel, astm a322, grade 8620

**Material:**

Steel comp 8620

**Material Specification:**

Astm a322, grade 8620 assn standard 1st material response

**Surface Condition:**

Pickled or sand blasted

**Specification Or Standard:**

8620 grade

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A13100
