Length:

Between 10.000 feet and 12.000 feet

Cross Section Outside Diameter:

1.250 inches

Basic Shape Style:

Round

Criticality Code Justification:

Zzzy

Material:

Steel, astm a108, alloy 1018

Material:

Steel, astm a108, alloy 1018

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A13100
