Fabrication Method:

Extruded

Length:

12.000 feet

Cross-sectional Thickness:

0.7500 inches

Cross-sectional Width:

1.250 inches

Basic Shape Style:

Flat

Heat Treatment:

Annealed

Material:

Steel, qq-s-763, comp 302

Material:

Steel, qq-s-763, comp 302

Specification Or Standard:

Composition 302 and condition annealed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A13100
