**Fabrication Method:**

Wrought or drawn

**Length:**

14.000 inches

**Cross-sectional Thickness:**

0.125 inches

**Cross-sectional Width:**

1.000 inches

**End Application:**

3895-01-577-2425

**Basic Shape Style:**

Flat

**Edge Type:**

Square

**Product Name:**

Bar, guide

**Special Features:**

Item has one drilled hole at one end, at the opposite end there is a 90 degrees angle with shapened point; item weight is 0.5 lbs

**Material:**

Iron, wrought or steel

**Material:**

Iron wrought or steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A13100
