Metal Bar - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/9510-01-598-6872

Fabrication Method:
Wrought or drawn
Length:
14.000 inches
Cross-sectional Thickness:
0.125 inches
Cross-sectional Width:
1.000 inches
End Application:
3895-01-577-2425
Basic Shape Style:
Flat
Edge Type:
Square
Product Name:
Bar, guide
Special Features:
Item has one drilled hole at one end, at the opposite end there is a 90 degrees angle with shapened point; item weight is 0.5 lbs
Material:
Iron, wrought or steel
Material:
Iron wrought or steel
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A13100
