Fabrication Method:

Rolled

Width:

48.000 inches

Length:

10.000 feet

Cross-sectional Thickness:

0.1250 inches

Edge Type:

Sheared

Weight Per Unit Measure:

6.150 pounds per square foot

Special Features:

Pattern 2 or 4 flat black

Heat Treatment:

As fabricated

Material:

Steel, carbon, astm a786

Material:

Steel, carbon, astm a786

Specification Or Standard:

4 pattern

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A13100
