Fabrication Method:

Hot rolled

Width:

48.000 inches

Length:

8.000 feet

Cross-sectional Thickness:

0.1250 inches

Basic Shape Style:

Solid

Weight Per Unit Measure:

5.000 pounds per square foot

Material:

Steel, qq-s-635, sae 1020

Material:

Steel, qq-s-635, sae 1020

Specification Or Standard:

1020 composition

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A13100
