Fabrication Method:

Hot rolled

Width:

36.000 inches

Length:

10.000 feet

Cross-sectional Thickness:

0.0180 inches

Basic Shape Style:

Solid

Weight Per Unit Measure:

0.775 pounds per square foot

Heat Treatment:

Annealed

Material:

Steel, qq-s-698, hrcq

Material:

Steel, qq-s-698, hrcq

Specification Or Standard:

Hrcq quality and ar finish

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A13100
