Fabrication Method:

Hot rolled

Width:

72.000 inches

Length:

15.000 feet

Cross-sectional Thickness:

0.3125 inches

Basic Shape Style:

Solid

Weight Per Unit Measure:

12.750 pounds per square foot

Heat Treatment:

Annealed

Material:

Steel, qq-s-691, class a-canceled

Material:

Steel, qq-s-691, class a-canceled

Specification Or Standard:

A class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A13100
