Fabrication Method:

Rolled

Width:

36.000 inches

Length:

10.000 feet

Cross-sectional Thickness:

0.0370 inches

Basic Shape Style:

Round

Perforation Diameter:

0.250 inches

Material:

Steel, corrosion resisting

Material:

Stainless steel

Surface Condition:

Bright

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A13100
