Fabrication Method:

Hot rolled

Width:

36.000 inches

Length:

8.000 feet

Cross-sectional Thickness:

0.3750 inches

Basic Shape Style:

Solid

Edge Type:

Sheared

Weight Per Unit Measure:

15.450 pounds per square foot

Heat Treatment:

Normalized

Material:

Steel

Material:

Steel

Surface Condition:

Pickled

Specification Or Standard:

N condition

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A13100
