**Fabrication Method:**

Hot rolled

**Width:**

36.000 inches

**Length:**

8.000 feet

**Cross-sectional Thickness:**

0.3750 inches

**Basic Shape Style:**

Solid

**Edge Type:**

Sheared

**Weight Per Unit Measure:**

15.450 pounds per square foot

**Heat Treatment:**

Normalized

**Material:**

Steel

**Material:**

Steel

**Surface Condition:**

Pickled

**Specification Or Standard:**

N condition

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A13100
