Fabrication Method:

Hot rolled

Width:

0.500 inches

Length:

100.000 feet

Basic Shape Style:

Solid

Weight Per Unit Measure:

0.008 pounds per linear foot

Special Features:

Rockwell hardness c48 to c51

Heat Treatment:

Spring temper

Material:

Steel, .90 to 1.05 pct carbon

Material:

Steel, .90 to 1.05 pct carbon

Surface Condition:

Polished

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A13100
