Fabrication Method:

Hot rolled

Width:

36.000 inches

Length:

10.000 feet

Cross-sectional Thickness:

0.1250 inches

Basic Shape Style:

Solid

Weight Per Unit Measure:

5.110 pounds per square foot

Heat Treatment:

Annealed

Material:

Astm-506 grade 4130

Material:

Astm-506 grade 4130

Specification Or Standard:

4130 grade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A13100
