Fabrication Method:

Rolled

Width:

2.880 inches

Length:

9.000 inches

Cross-sectional Thickness:

0.1900 inches

Basic Shape Style:

Solid

Special Features:

Four mounting holes 0.310 in. Dia on 3.500 in. Center; four mounting holes 0.280 in. Dia, csk to 0.530 in. On 3.500 in. Centers, for a total of eight holes

Material:

Aluminum alloy, 6061

Material:

Aluminum alloy 6061

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A13100
