Fabrication Method:

Wrought

Width:

3.880 inches

Length:

19.060 inches

Cross-sectional Thickness:

1.2500 inches

Basic Shape Style:

Solid

Edge Type:

Rounded

Special Features:

Two 0.875 in. Diameter holes on 14.395c-to-c mtg distance, w/rt hand hole center 2.500 in. From rt end of place and both hole centers 1.000 in. From bottom

Heat Treatment:

Tempered

Material:

Steel, mil-a-46100

Material:

Steel, mil-a-46100

Surface Condition:

Descaled

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A13100
