- Length:**
Any acceptable
- Cross-sectional Thickness:**
0.0050 inches
- Cross-sectional Width:**
0.500 inches
- Basic Shape Style:**
Flat
- Special Features:**
This length (84.380 in.) and notch (0.25 in. With full radius) is cut after the strip has been installed into cell to assure centering
- Heat Treatment:**
Half hard
- Material:**
Steel, astm a666, type 316
- Material:**
Steel, astm a666, type 316
- Specification Or Standard:**
Type 316 and temper half hard and rolled edges
- Shelf Life:**
N/a
- Unit Of Measure:**
--
- Demilitarization:**
No
- Fig:**
A13100
