- Length:**  
Any acceptable
- Cross-sectional Thickness:**  
0.0050 inches
- Cross-sectional Width:**  
0.500 inches
- Basic Shape Style:**  
Flat
- Special Features:**  
This length (84.380 in.) and notch (0.25 in. With full radius) is cut after the strip has been installed into cell to assure centering
- Heat Treatment:**  
Half hard
- Material:**  
Steel, astm a666, type 316
- Material:**  
Steel, astm a666, type 316
- Specification Or Standard:**  
Type 316 and temper half hard and rolled edges
- Shelf Life:**  
N/a
- Unit Of Measure:**  
--
- Demilitarization:**  
No
- Fig:**  
A13100
