**Fabrication Method:**

Hot rolled

**Length:**

6.000 feet

**Cross-sectional Thickness:**

0.030 inches

**Cross-sectional Width:**

1.000 inches

**End Application:**

Hx unique

**Basic Shape Style:**

Flat

**Min. Tensile Strength (psi):**

75000 pounds per square inch

**Minimum Yield Strength:**

30000 pounds per square inch

**Product Name:**

Flat strapping

**Material:**

Steel, class 301 or 304l

**Material:**

Steel, class 301 or 304l

**Specification Or Standard:**

301 class or 304 class

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A13100
