Fabrication Method:

Cold rolled

Width:

Between 7.875 inches and 8.125 inches

Length:

Between 7.875 inches and 8.125 inches

Cross-sectional Thickness:

Between 0.237 inches and 0.263 inches

Basic Shape Style:

Solid

Physical Form:

Flat stock

Product Name:

Carbon steel sheet, unpolished

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A13100
