**Fabrication Method:**

Wrought

**Length:**

Between 10.000 feet and 12.000 feet

**Basic Shape Style:**

Hexagon

**Cross-sectional Width Across Flats:**

2.000 inches

**Weight Per Unit Measure:**

12.600 pounds per linear foot

**Heat Treatment:**

Half hard

**Material:**

Manganese bronze, astm b138, uns c67500

**Material:**

Manganese bronze, astm b138, uns c67500

**Specification Or Standard:**

A class and half hard temper

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A13100
