Fabrication Method:

Rolled or drawn or cold finish

Length:

Between 10.000 feet and 12.000 feet

Basic Shape Style:

Hexagon

Cross-sectional Width Across Flats:

1.500 inches

Weight Per Unit Measure:

Any acceptable

Heat Treatment:

T-3 solution heat treated

Material:

Any acceptable

Specification Or Standard:

T3 temper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A13100
