| Fabrication Method: |
|---|
| Extruded |
| Basic Shape Style: |
| Hexagon |
| Cross-sectional Width Across Flats: |
| 0.688 inches |
| Material: |
| Copper, qq-c-591, alloy 655 |
| Material: |
| Copper alloy 655 |
| Material Specification: |
| Qq-c-591, alloy 655 federal specification 1st material response |
| Specification Or Standard: |
| 655 composition and rod form and as extruded temper |
| Shelf Life: |
| N/a |
| Unit Of Measure: |
| |
| Demilitarization: |
| No |
