**Fabrication Method:**

Extruded

**Basic Shape Style:**

Hexagon

**Cross-sectional Width Across Flats:**

0.875 inches

**Material:**

Copper, qq-c-591, alloy 655

**Material:**

Copper alloy 655

**Material Specification:**

Qq-c-591, alloy 655 federal specification 1st material response

**Specification Or Standard:**

655 composition and rod form and as extruded temper

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A13100
