**Width:**

4.500 inches

**Cross-sectional Thickness:**

0.8200 inches

**Basic Shape Style:**

Solid

**Edge Type:**

Rounded

**Special Features:**

Repair plug, test weld, f-15 acft; 5.95 in. Long one side, 4.80 in. Opposite side; w/20 deg. Angle one side; mill to hold 0.820 thickness

**Heat Treatment:**

Annealed

**Material:**

Titanium, mil-t-9046, type 3, comp c

**Material:**

Titanium alloy uns r56400

**Material Specification:**

Mil-t-9046, type 3, comp c military specification 1st material response

**Surface Condition:**

Machine

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A13100

**Mil-std (military Standard):**

Mil-t-9046 spec.
