Fabrication Method:

Extruded

Length:

12.000 feet

End Application:

B-52 aircraft

Product Name:

Miscellaneous section - extruded

Special Features:

Special shape - see drawing for details

Heat Treatment:

T-6 solution heat treated

Material:

Aluminum alloy, ams-qq-a-200/11, alloy 7075

Material:

Aluminum alloy, ams-qq-a-200/11, alloy 7075

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A13100
