**Fabrication Method:**

Extruded

**Length:**

1.412 inches

**Usage Design:**

Structural

**Product Name:**

Aluminum alloy miscellaneous shapes, extruded

**Special Features:**

Material specification qq-a-267 and qq-a-200/3; heat treated, stretch stress relieved and aged

**Heat Treatment:**

Stress relieved by stretching

**Material:**

Aluminum alloy 2024

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A13100
