**Overall Height:**

Between 1.288 inches and 1.312 inches

**Left Side Top Flange Thickness:**

Between 0.075 inches and 0.085 inches

**End Application:**

C-5 aircraft

**Basic Shape Style:**

T shape

**Leg Thickness:**

Between 0.045 inches and 0.055 inches

**Right Side Top Flange Distance To Center Of Both Flanges:**

Between 2.054 inches and 2.106 inches

**Product Name:**

T section-chem mill

**Special Features:**

Basic t configuration with flange on vertical leg

**Heat Treatment:**

T-6511 solution heat treated

**Material:**

Aluminum alloy, ams 4139, alloy 7075

**Material:**

Aluminum alloy, qq-a-200/15, alloy 7075

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A13100
