## NSN 9630-01-408-2001

Copper Alloying Additive - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/9630-01-408-2001

## **Composition And Percentage:**

48.75 by volume nickel

## **Impurities Limitation In Percent:**

Silicon 0.050 maximum and iron 1.20 maximum and tin 0.10 maximum and carbon 0.050 maximum and lead 0.050 maximum and zinc 0.100 maximum and manganese 0.700 max

## **Special Features:**

500 lb drum, 1/2 inch and smaller lump or shot

Shelf Life:

N/a

**Unit Of Measure:** 

--

**Demilitarization:** 

No

Fiig:

T094-a
