Overall Length:

2.500 inches

Overall Width:

0.950 inches

Overall Thickness:

0.050 inches

End Application:

Aircraft cen sec

Composition And Percentage:

87.12 by weight aluminum and 91.42 by weight aluminum

Special Features:

Cingot is per industry specification ams-qq-a-250/12, alloy 7075, temper t7651, in order to have a fully item-identifying p/n, the dimensions 0.050x0.950x2.500 must be added as a suffix to the existing p/n

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T094-a
