Width:

2.000 inches

Thickness:

0.032 inches

Length:

4.000 inches

Attachment Method:

Hole

Environmental Protection:

Corrosion resistant and solvent resistant and thermal shock resistant and weather resistant

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

Rammer controls safety cover, remove only to operate controls 1st side

Special Features:

0.090 in. Border, 0.160 in. Corn ers radii, all 14 point letters

Color:

Green inscription background

Material:

Aluminum alloy

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
