Width:

1.062 inches

Thickness:

0.031 inches

Length:

2.375 inches

Attachment Method:

Hole

Basic Shape Style:

Rectangular

Marking Designation:

Legend 1st side

Inscription:

((partial legend)) linear actuator part no. We-2834 s/n volts 26 vdc amps 7.0 load 500 lbs ins/sec 1.000 duty cycle min. 2 on 10 off wadell
equi 1st side

Features Provided:

Reflective surface

Color:

Black and aluminum inscription background

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A528w0
